Address: 310 Co Nhue – Ha Noi

## PROFILE

As a fresh graduate majoring in Junior Front-End Web Development, you possess a strong foundation in the core concepts of web development and the ability to create visually appealing and functional websites. With a passion for innovation and problem-solving, you are eager to apply your skills and knowledge in a professional setting.

## SKILLS

- Photoshop, Figma
- HTML, CSS, SCSS,
- JavaScript, jQuery
- Reactjs
- Vuejs
- Nextj
- Tailwind
- NodeJs
- Firebase Services
- MongoDB
- SQL
- Photoshop, Figma

## WORK HISTORY

### Eng-hacking

10/2021 – 02/2022

- Collaborated with a team to develop a captivating English website that appeals to a broad audience of learners. Employed strong teamwork skills to effectively communicate and coordinate with team members throughout the development process, resulting in a successful and visually appealing website that engages and educates users.

### Freelancer

02/2022 - Current

- Worked on several personal projects, including a responsive e-commerce website built with Bootstrap and jQuery, and a dynamic quiz application developed with React and Firebase.  
Contributed to a collaborative project with classmates, where we created a visually appealing and user-friendly website using HTML, CSS, and JavaScript, and utilized Git for version control.

## EDUCATION

- Hanoi University of Mining And Geology
